Allingham, Holly
64gemidragon@gmail.com
20 years of all levels of caregiving. Private home families. Single person & couples. All kinds of family animals included. Helping with everyday needs and chores. I support people trying to live in their homes as long as possible. I've also got 17 years of experience in hospice.
Home Care Aide Certification HM 61250305
I am still waiting for the state to process my application
Hospice, dementia & companion care
Yes
Yes
Yes
Yes
Non smoker, comfortable with all kinds of pets. Enjoy cooking, cleaning, reading, exercising, walking, photography, videotaping clients stories (if they want to), looking through photo albums, organizing, painting, singing, car drives on the island and picnics.
Annua Celli.
Ammon, Sally violet08@centurvtel.net
violetus@centurytei.net
I started professional caregiving at 12 years old. I cared for a neighbor who was pregnant with twins. Then my son was born in 1984 and started having seizures at three months old. He was later diagnosed with developmental delay after his 4th birthday. My son is now 37 years old and lives on his own with help, but he is a long term client. My next client was an elderly gentleman, starting in 1992, I did cleaning, escorting, cooking, etc. for about 3 years before he died. Since then i have had many clients, both private and state paid, all here on Vashon. I have been certified by the state since 2009, and have had 12 hours of continuing education ever since. I have countless references for private and state paid clients on Vashon. I also have a long career as a private housecleaner and gardener on Vashon, and although I no longer do long hours of that type of work I still do some of that for my clients.
I am licensed with DSHS of WA, have a contract with Consumer Direct Washington (WEI022764) and am a member of SEIU775. I am not a CNA.
Yes
I have done a good deal of hospice and companion care. I am drawn to hospice and feel strongly that leaving this life deserves the same attention and care as entering this life. I have a 3 year degree in Energy Healing with the Innersource organization. I do occasional energy sessions out of my home, and taught a class on Energy Medicine for The Eyes at the Senior Center a few years ago.
No
No
Yes
Yes
I am very open to companionship with people, pets and hobbies. I used to sing professionally and can play the piano some. I find music is the universal language and makes life more fun. I studied floristry and sometimes bring bouquets from my garden for my clients. I am a self made herbalist and make my own tinctures and teas and study herbs at home. I am one of Vashon's original "Beach Naturalists", and have taught at the Low Tide Celebrations for several years. Hospice patients have a very special place in my heart. I hope to attend classes on helping with this transition in the future.

Name:	Bauer, Jeaneen
Email Address:	jbauerphotography@gmail.com
Length & Description of Caregiving Experience:	25 years. First with both of my parents, father with dementia through end of life, mother with round the clock care-for last 3 years of her life-she passed 10 years ago. Both parents were able to pass in their own home. Moved to Vashon 9 ½ years ago and worked at doctor's office. Started caregiving as a side job here because I enjoy being around and helping my elders. Helped a few friends until I was introduced to the Vashon Care Network. My first client here on Vashon was such a joy that I visited her often even after she was moved to a facility. This has happened more than once. I deeply care for the people I care for. I believe everyone should be treated with kindness and compassion, no matter their situation. And also stay in their home if possible. I work a full time job at a financial institution and am an active artist and member of VIVA. I volunteer at VCA and other fund raising functions on the island. I have stepped back from caregiving at the moment but would like to stay in the group as I will be back. Caregiving is not just a job, it is a labor of love and compassion for me. I am humbled and grateful that I am trusted to care for others family members.

July 28, 2022

Name:	Troese, Leona
Email Address:	v108yogini@gmail.com
Length & Description of Caregiving Experience:	I completed NAC training and passed the test many years ago, but I let the license expire. This occurred while working as a social worker at VCC for 17 years, and I used many NAC skills while in that position. I have been the primary caregiver for my husband who now has advanced Parkinson's and dementia, again utilizing all NAC skills including assistance with eating, pericare during the day and night, ambulation assistance, etc. Also have worked as an HCA DSHS for about 3 years, providing care for a woman with several disabilities. I have not completed that training, however, as I cannot find caregiver coverage for my husband during most times I would need to be away from home. I am also currently a companion for a female elder who is cognitively intact but has multiple comorbidities.
Certification/License:	None at this point
Independent Provider approved by DSHS for COPES work:	Yes but my ability to do that will expire at the end of October as I cannot complete the trainingsee above.
Areas of Special Interest/Experience: (hospice, dementia, companion care)	Lots of experience with dementia; have all NAC skills. Also currently provide companion care. Working at VCC provided me with the opportunity to have some experience with hospice; I took hospice training many years ago, and have taken several workshops on the subject. Death/dying is an area of great interest and self study for me. I am currently unavailable (as of July 1, 2022), but wanted to get on this list for the future.
Available for Overnight Care:	Not overnight at this time; husband's primary caregiver.
Available for Weekend Care:	I'd consider Saturday afternoon work starting November - I have coverage for husband on Saturday and my DSHS contract will expire so I won't be able to continue to server my current client.
Have own transportation:	Yes
Willing to do preliminary interview/meet & greet with family free of charge:	Yes
Additional information:	Love all animals, non-smoker, unvaccinated, but have never even been sick during the "pandemic" - agree to home test regularly. Love to cook, primarily vegetarian. Musician - pianist. Strong background in spiritual traditions - Hinduism, Buddhism.
Name:	Vinson, Isabel
Email Address:	alohaisa808@gmail.com
Length & Description of Caregiving Experience:	Most of my experience is with Dementia/Alzheimers (caregiver/companion). 5 years experience caregiving/cooking meals for clients (special diets included). Also provide meal deliveries
Certification/License:	None
Independent Provider approved by DSHS for COPES work:	No
Areas of Special Interest/Experience: (hospice, dementia, companion care)	Dementia, companion care, meal prep.
Available for Overnight Care:	No
Available for Weekend Care:	No
Have own transportation:	Yes
Willing to do preliminary interview/meet & greet with family free of charge:	Yes
Additional information:	Non-smoker, love pets, avid walker, bilingual - Spanish, retired Culinary Arts teacher, passion for cooking.
Name:	Weston, Laura
Email Address:	<u>llyweston@mac.com</u>
Length & Description of Caregiving Experience:	Mother of 4 boys, had my father here in his last year of life, oldest of 4 sisters.

VASHON CAREGIVER DIRECTORY July 28, 2022

Name:	Wolczko, Stacey
Email Address:	stacey.wolczko@gmail.com_
Length & Description of Caregiving Experience:	I'm a very reliable person, patient, positive and energetic person. I am compassionate, a good listener, empathetic, trustworthy, with a sunny disposition. Besides raising three children with my husband, I enjoy caring for others. I've seen firsthand how valuable outside caregiving help can be for families wanting their loved ones to be cared for at home. I lovingly cared for my sister and then dear friend during their time living with cancer until the end of life. I'm familiar with an aging family member who had dementia and helped create a safe space for them to live, be respected and cared for. I can also help with errands, grocery shopping, cooking, light housekeeping and laundry.
Certification/License:	HCA Credential # HM 612-7956
Independent Provider approved by DSHS for COPES work:	I am an Independent Provider approved by DSHS for COPES work.
Areas of Special Interest/Experience: (hospice, dementia, companion care)	Open
Available for Overnight Care:	No
Available for Weekend Care:	No
Have own transportation:	Yes
Willing to do preliminary interview/meet & greet with family free of charge:	Yes
Additional information:	I have been vaccinated and boosted for Covid. I am a non-smoker, enjoy sailing, yoga, walking, bicycling and swimming. I lived on a sail boat for 11 years and said the Pacific Ocean with my husband and three children for 16 months. I am a good organizer, planner and lifelong learner.
